1. Title: **Back to School - Memory Game** by Camila Bezerra (TEAM member). Dec 19, 2022.
2. Players:
 - Number: 2-4
 - Ages: 12+
 - Level: beginner
3. Time: About 20 min
4. Goal: This memory game aims to help students to make sentences using school objects vocabulary and demonstrative pronouns.

About the game: The players' objective is to match Demonstrative Pronouns in the singular or plural with pictures of school objects vocabulary and make sentences.

• Rules:

Look at all the cards before starting the game.

Put them face down.

The players, one by one, must choose any two cards.

The objective is to match two appropriate cards, one with a demonstrative pronoun (singular or plural) and another with a picture of a school object (singular or plural). If the demonstrative pronoun is in the singular form, the picture must be in the singular, too, and if the pronoun is in the plural form, the picture must be in the plural for the player to make a sentence.

If the cards match (one demonstrative pronoun in the singular or plural with an adequate picture), the player must make a sentence using such demonstrative pronoun and the object on the chosen picture. Example: *This is a backpack.*

If the cards do not match or the player cannot make a sentence, turn them back over and pass the turn to the next player.

All the players must be attentive to remember the position of the cards before turning them over again.

The game is over when all the cards have been matched.

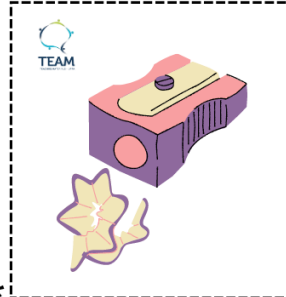

The player with the most matches wins.
